

MATTRESS CARE

This exclusive Simmons® product is built with a single-sided design. This bed does not have to be flipped to maintain warranty. The single-sided design mattress will have a different type of finish on the bottom than the top.

DO'S

- Use a new Simmons® foundation or a supportive, rigid, non-yielding foundation. An old foundation unit may not provide sufficient support.
- Support your Simmons® mattress and foundation only with a frame that provides rigid center support as well as support for the head, foot, and sides for queen, split queen, king and California king size sets (as noted above). For any queen or king frame that does not have a metal center support, you must use at least 5 hardwood (i.e., oak or ash) slats (1" x 4") and add legs to the 3 center slats. By not providing a sufficient supportive frame, damage can occur to the product and your warranty will be invalid.*
- Add a solid platform on top of any open slatted mattress support system with openings between the slats that exceed two (2) inches (e.g., a platform bed frame in which a Beautyrest® or BeautySleep® mattress rests directly upon slats with open spaces between the slats). Use of such an open slatted mattress support system with spaces between the slats which exceed two (2) inches (5 centimeters), without the addition of a solid platform will damage your mattress and your warranty will be invalid.
- Use a quilted protector pad on your mattress at all times to avoid stains (including MoistureBan™ products).
- Carton your mattress and carry it on its side when moving.
- If your mattress has a removable cover, use only a professional dry cleaning service to clean the cover.
- If your Simmons® mattress was manufactured on or after July 1, 2007, it meets the requirements of the Federal Flammability Standard, 16 CFR 1633, when your mattress is used alone or with the Simmons® foundation(s) as specified on the 1633 law label (see example of 1633 law label on next panel).

DON'TS

- Do not use an open slatted mattress support system (e.g., a platform bed frame in which your mattress rests directly upon slats with open spaces between the slats) where the openings between the slats are greater than two (2) inches (5 centimeters) as this will damage a Beautyrest® or BeautySleep® mattress. To prevent damage to your mattress if the openings between the slats exceed two (2) inches (5 centimeters), the support system may be modified by applying a solid platform on top of the slat system.
- Do not remove the white law label or the model name label. These labels serve as a means of identification to establish your warranty rights.
- Do not bend or fold, stand or jump on product as damage can occur.
- Do not use cleaning fluids on your mattress; it may damage some of the materials.
- Do not use any type of fabric protection spray or chemical application on this product.
- If your mattress has a removable cover, do not machine wash the removable cover.
- If your mattress has a removable cover, do not remove or wash the inner mattress cover or bottom fabric of removable outer cover.
- If your mattress has a removable cover, do not wash the foam mattress core.
- If you purchased a Simmons® product, including ComforPedic®, that contains one (1) inch or more of AirCool® or NxG® Memory Foam, do not use a heating pad or electric blanket.
- Do not smoke in bed or use open flames near the bed.

* For all adjustable foundations, please see the owner's assembly and operating manual for required support.

LIMITED WARRANTY

HOW CAN I GET SERVICE ON MY WARRANTY?

Contact your original Simmons® dealer. If your original Simmons® dealer is no longer in business or you have moved outside the service area, please contact the Simmons Consumer Service Facility at customerassistance@simmons.com. A copy of original bill of sale is needed to determine original date of purchase. Model name label and law label must be provided to identify the bedding and validate this warranty.

WHAT IS COVERED?

If you purchased a Simmons® mattress and use it with a foundation and frame that provide proper support, this warranty covers manufacturing defects in your Simmons® mattress or foundation. This warranty also covers faults in materials or manufacturing defects in the removable fabric cover available on select models. Replacement of one piece does not automatically result in the replacement of any other piece. This limited warranty is provided only to the original purchaser.

Examples of proper support for queen, split queen, king and California king size bedding when the mattress is also supported by a conventional foundation or box spring.

HOW LONG IS THE COVERAGE PERIOD?

The warranty coverage runs from the original date of purchase. Repair or replacement of the mattress or foundation does not extend its limited warranty or begin a new limited warranty period. Your warranty period is based on the code indicated on your white law label. (See chart)

WHAT WILL SIMMONS DO?

If your Simmons® mattress, foundation or removable fabric cover (available on select models) fails due to a manufacturing defect, the exclusive remedy under this warranty will be repair or replacement of the defective product in the U.S., Puerto Rico or U.S. Virgin Islands. Simmons reserves the right to substitute comparable materials or models and does not guarantee that the replacement will match the existing piece.
